Subject: CMWHS Management Plan (draft) consultation document (T&PCs) - updated link

Information Classification: CONTROLLED

Apologies if you have experienced issues connecting to the link provided in the previous email.

Please find the updated link below.

Dear Sir or Madam

Cornwall and West Devon Mining Landscape World Heritage Site Management Plan - draft consultation document

The Cornwall and West Devon Mining Landscape World Heritage Site is an internationally important cultural landscape recognised by the United Nations Educational, Scientific and Cultural Organisation (UNESCO). At almost 20,000 hectares it is the largest industrial WHS in the UK.

The UK Government is required to produce a Management Plan for the Site, which describes the principal landscape assets and how these will be protected, conserved and managed for public benefit. The Cornish Mining World Heritage Site Partnership Board undertakes this on their behalf, and we are now inviting comments on the draft document from Parish and Town Councils within the WHS.

The Management Plan sets out how the World Heritage Site will be cared for and developed to preserve its international importance. It describes the policies and strategic actions that local authorities and others will pursue in order to achieve this.

The Management Plan is available electronically on our website, www.cornishmining.org.uk as are a series of other related documents;

- Summary Sustainability Analysis – which assess the Management Plan policies against a range of environmental and social factors
- A series of appendices containing more detailed management information, upon which the Management Plan was based
- An online questionnaire

The closing date for comments is 31 August 2020. After assessment of comments and resulting amendments, the partner Local Authorities and will be asked to endorse and adopt it prior to the plan going live.

Kind regards

SCHEDULE

PART 1

DESCRIPTION OF SITE OF PATH OR WAY TO BE EXTINGUISHED

A length of Public Footpath number 25 Redruth commencing from a point where it has a junction with the footway on the eastern side of publicly maintained highway "Semmens Way" approximately 112 metres south-south-east of the property "Hazeldene" at Ordnance Survey Grid Reference (OSGR) SW 6987/4324 shown as point "A" on the attached map thence running in a generally east-north-easterly direction for 84 metres to a point where it has a junction with the footway of the northern side of publicly maintained highway "Jennings Road" approximately 144 metres south-east of the property "Hazeldene" at OSGR SW 6995/4325 shown as point "B" on the attached map.

The Definitive Statement records an Average Width as ill-defined for Public Footpath number 25 Redruth. For the avoidance of doubt the intention of the order is to stop up the length of highway described above in its entirety.

**THE CORNWALL COUNCIL PUBLIC FOOTPATH No. 25 REDRUTH (PART)
PUBLIC PATH EXTINGUISHMENT ORDER 2020**

THIS ORDER is made by Cornwall Council ("the Authority") under Section 118 of the Highways Act 1980 ("the 1980 Act") because it appears to the Authority that the Public Footpath described in paragraph 1 below is not needed for Public Use.

BY THIS ORDER

1. A length of Public Footpath over the land shown by a continuous solid bold black line on the attached map and described in the Schedule to this Order ("the Schedule") shall be Extinguished on the date of Confirmation of this Order.
2. Notwithstanding paragraph 1 of this Order statutory undertakers shall have the same rights over the land referred to in paragraph 1 above, in respect of their apparatus under, in, upon, over, along, or across the said land as they had immediately before the date of Confirmation of this Order.
3. This Order may be cited as "The Cornwall Council Public Footpath No. 25 Redruth (Part) Public Path Extinguishment Order 2020".

The Cornwall Council Public Footpath No. 25 (Part) Redruth Public Path Extinguishment Order 2020

Statement of Reasons for the making of the Order

Please Note: This Statement does not form part of the Order

The attached Order is made under section 118 of the Highways Act 1980 to extinguish a public footpath over land that has been allocated for development. A previous Order affecting this land [The Cornwall Council (Footpath No. 25, Redruth (Part))(Semmens Way) Diversion Order 2016] which was made by Cornwall Council under section 257 of the Town and Country Planning Act 1990 was not confirmed by the Secretary of State for Food Environment and Rural Affairs. In her decision letter on that Order the Planning Inspector indicated that a different Order was required.

This Order is made under section 118 of the Highways Act 1980 because it is considered that part of Footpath 25 in Redruth is not needed for public use. The recent adoption by the Council of 'Semmens Way' and 'Jennings Way' in Redruth renders the short section of footpath across the development site redundant. Both 'Semmens Way' and 'Jennings Way' have paved sections which are available for the public to use and the effect is that users will be required to walk an additional 20 metres along the 'pavements' of the estate roads that have been constructed as part of an earlier development.

Cornwall Council considers that the adoption of the estate roads as public highways means that this section of Footpath 25 over land that is allocated for development is not needed for public use and should be extinguished.

Previous consultations in relation to this land means that the Council has not deemed it necessary to undertake further consultations prior to the making of this Order.

Welcome to the Neighbourhood Planning e-bulletin for June 2020

As the current national situation continues, we are still responding to enquiries and working closely with parishes whose neighbourhood plans are going through the statutory stages. This month, one plan has been submitted, and two plans have reached the statutory consultation stage with the period extended to twelve weeks due to the Covid-19 situation.

There is information about the new increased grant allowance from Locality to help develop neighbourhood plans and about a new CIL fund which is available to parish councils and community groups

Neighbourhood Planning Team

Basic Grant allowance increase

Due to the impacts of coronavirus, The Ministry of Housing, Communities and Local Government (MHCLG), has increased the Basic Grant allowance from £9,000 to £10,000 for all eligible groups to the programme. This additional allowance will be available from 26th May 2020 until the end of the programme in March 2022, to support groups to continue neighbourhood planning during the coronavirus situation.

Many groups are incurring additional costs to progress with their neighbourhood plans at this time to adapt how they consult the local communities. For example, the need for new virtual platforms to hold meetings or increased printing and postage costs to consult with the local community.

Accessing the increased Basic Grant allowance will not be subject to any additional criteria and you will not need to justify why additional funding is needed as part of your application. The grant cannot be used to fund any retrospective costs for work already carried out.

However, as part of the application, you will need to provide some information on the types and value of additional costs you have incurred, if you have incurred them. This is for MHCLG and Locality to understand the impact of coronavirus on neighbourhood planning.

You will find more information about the increased basic grant allowance on the Locality Neighbourhood Planning website [here](#).

Designations

From the 1st October 2016, local authorities no longer need to publish designation applications and consult people who live, work or carry out business in the area as long as the application is in conformity with the parish boundary as set out in the Neighbourhood Planning Regulations 2012/16 5A (3).

Cornwall Council will continue to consult statutory organisations when designation applications are submitted. A report will be collated providing initial information and guidance from these organisations to support town or parish councils during the early stages of developing their Neighbourhood Plan.

There have been no further designations submitted.

Government Legislation

The Ministry of Housing, Communities and Local Government have published some important changes on Neighbourhood Planning. The [current planning guidance](#) has been updated and provides advice on the implications for conducting publicity and examinations.

[Regulations linked to the Coronavirus Act 2020](#) mean that no elections or referendums can take place until 6 May 2021. This includes neighbourhood planning referendums. These provisions will be kept under review and may be amended or revoked in response to changing circumstances. Neighbourhood plans awaiting referendums can be given significant weight in decision-making.

Grants and technical support will continue to be available to support communities during the next financial year, and [Locality's advice service](#) continues to operate as normal.

Other Information

New CIL Fund for low carbon projects opens

Cornwall Council is launching a new scheme to support low carbon investments, making a further £500,000 of CIL collected available to not-for-profit organisations and constituted community groups, including local councils, who can all bid for funds to pay for infrastructure projects which encourage greener and healthier lifestyles. This pot of money is separate to the 15-25% of CIL funding which local councils automatically receive.

The new CIL Fund which will be launched on July 1 will hand out grants of £20,000 to £100,000 through a competitive application process. Applicants will need to show how there is local need and community support for their project as well as how it will enable lower carbon living as part of the Council's ambitions for Cornwall to become carbon neutral by 2030.

This could include projects such as new pedestrian and cycle paths to improve links around and to town centres, improvements or creation of green spaces using infrastructure, or the adaptation of community buildings to enable multi-use functions such as improved access to health facilities and physical activities.

Infrastructure projects that will help communities recover from the impact of COVID-19 will also be welcomed.

The application form and guidance will be available at www.cornwall.gov.uk/cil from 1 July and the deadline for applications is 19 October 2020. If you have any queries please contact cil@cornwall.gov.uk

Adapting your neighbourhood planning Consultation

There are a number of parishes who are undertaking or are due to progress to the Pre-submission consultation stage with their plan. You do not need to postpone the consultation or put the development of the plan on hold due to the current Covid-19 crisis. This relates to any consultation being carried out throughout the neighbourhood planning process. You can adapt the way you work and how you carry out the consultation and still follow Central Government's advice. Localities have set out information on their [website](#) about how neighbourhood planning can continue during the Covid-19 crisis.

If you continue to carry out any consultation on your plan, this will need to be agreed at a parish level. You will need to update your Consultation and Engagement Strategy if you adapt the way you consult the community and include the information in the Consultation Statement submitted with the plan at Regulation 15. An example is the Mylor NDP Steering Group, who have put together a document setting out how they will adapt their Regulation 14 consultation. The document can be viewed [here](#).

The main difficulty will be the need to demonstrate whether the community, which as defined by the NDP Regulations, includes those who 'live, work or carry out business in the neighbourhood area' will be aware of the consultation and have had sufficient opportunity to view and comment on the NDP. It is therefore even more important to consider how to reach people in their own homes and how to contact businesses and their employees, to publicise the consultation and ensure they are given sufficient time to respond.

This will be checked by us at the legal compliance and by an independent examiner at examination stage once the plan has been formally submitted to Cornwall Council. If you have any queries or would like some advice you can contact the Neighbourhood Planning Team by email at neighbourhoodplanning@cornwall.gov.uk.

Some of the information on this bulletin is taken from Locality.
