Subject: URGENT request - important: Consultation regarding licensed vehicles in Cornwall

Dear local councils / councillors / representatives

PLEASE SEE EMAIL BELOW to which we have had several responses and some promises of responses. We would strongly appreciate further responses if you are able, even if just to say this question is of no interest.

The link www.ctstraffic.co.uk/cornwall21co will remain open until Monday 24th October. Again, if you can respond but not by that date, please tell us when you can respond.

In February 2019 many of you kindly responded to our request for your views about the current policy limiting hackney carriage vehicle numbers in the three regulated zones of Cornwall. Those responses were really helpful and valuable.

Whilst the full consultation that should have occurred this year is on hold due to the pandemic, Cornwall Council licensing has asked us to give you the opportunity to once again provide your local viewpoint regarding current hackney carriage and private hire policies and provision across Cornwall. We attach a copy of a questionnaire for you and your councils to kindly consider.

We would prefer if you responded to this questionnaire on-line using the link www.ctstraffic.co.uk/cornwall21co (note, capital letter sensitive, there are no capital letters and any use of such would prevent the link working), but understand if you preferred to print off and scan or post the attached, which also includes a more detailed explanation of what we are consulting about. If you do scan and return, please use the email traderesponse@ctstraffic.co.uk

We really look forward to your response – though we would like responses by Monday 20th September we are aware you have various timetables for meetings, etc, and would prefer you to advise us by when you could respond if that date is too soon.

We are very keen to understand any local evidence or concerns you have arising from the pandemic as well as your views about the limit on hackney carriage vehicle numbers in the three restricted zones, as well as the overall policy of retaining the zones for hackney carriages.

Please note the email addresses used were from the latest Cornwall formal listing, but modified by responses received in 2019 where that appeared appropriate. Apologies if any incorrect addresses are used – please advise us accordingly.

Once again, thank you very much in anticipation

If you have any questions, please email me first at [REDACTED] providing a phone number and time if you prefer to speak with me.

To all those Parish / Town Council's in the Cornwall Licensing area.

THIS LETTER FORMS PART OF THE CORNWALL COUNCIL 2021 REVIEW OF LICENSED VEHICLES AND SEEKS YOUR VIEWS IN LINE WITH THE DEPARTMENT OF TRANSPORT BEST PRACTICE GUIDANCE.

YOUR VIEWS ARE AN IMPORTANT PART OF THE PROCESS AND WILL ASSIST CORNWALL COUNCIL AND OUR AGENTS LVSA IN ASSESSING POTENTIAL POLICIES IN RELATION TO THE LICENSING OF VEHICLES IN CORNWALL.

We need to hear from as many of you as possible in order to take into account your views and experiences of the taxi service across Cornwall.

This is your opportunity to express your views to an independent body. All our questions are designed to obtain the responses we need to complete as thorough an investigation as is practicable in assessing what the future might hold for licensed vehicle services in Cornwall.

Cornwall Council currently limit the number of hackney carriage vehicles in three zones - Carrick (Truro, Falmouth, Perranporth), Penwith (Penzance, St Ives, Hayle) and Restormel (Newquay and St Austell).

Neither the number of hackney carriage drivers nor any aspect of private hire vehicles or their drivers or operator numbers can be limited.

In February 2019 many of you kindly responded to a similar request. In normal times the 'unmet demand' review of the limit policy would have been repeated this year. The full review has however been delayed due the pandemic, but the Council considered it prudent to obtain updates from you about your current concerns and thoughts regarding hackney carriage and private hire provision from your local viewpoint.

We are seeking your views on the following:

- If you consider people in your area can get hackney carriages when and where they need them
- If there are any benefits arising from this limit
- If there are any problems arising from this limit
- If you are aware of any issues arising for provision of hackney carriages, private hire vehicles and drivers since the pandemic you would wish to alert us to from your local knowledge.

LVSA are undertaking this consultation on behalf of Cornwall Council Licensing and look forward to hearing from you, even if only for you to say you have no comment or the consultation is not appropriate (please explain why).

Please either complete online at www.ctstraffic.co.uk/cornwall21co

return by email to traderesponse@ctstraffic.co.uk

Hi,

Please could you pass on this message to your councillors.

Carn Brea Parish are in the later stages of creating their Neighbourhood Development Plan. We are currently reviewing our midway consultation and updating our draft policies before moving to reg 14.

It is our intention, once this set of draft policies is completed, to share this with neighbouring Parishes in case there is anything of conflict or hopefully, to receive your support for the plan in principle.

Until this time, cllr representatives are welcome to get in touch, ask questions or join our Steering Group meetings which usually happen on the 2nd or 3rd Monday of the month. Information can be found via the Clerk of Carn Brea Parish Council.

Best wishes,

Florence Metathesis and Peter Lee
